A. Each Lead BBX Member reported to group. After all reports, workgroups reported to their assigned Zoom. Members can switch from group to group at their discretion.

i. Outreach Group

Update provided by Joanna Perini-Abbott: The Outreach group is up and running. Recently, the group did an interview with the Bar Bulletin which will be the cover story in either the February/March edition or the March/April edition. The fact that public comment on our work will be open at the moment the Bulletin story hits desks is pretty important. The Outreach group will not be meeting today.

No Breakout meeting or Assigned Room for the Outreach group.

ii. OEP

Update provided by Dr. Anthony Rosilez: We continue to plug away. As I mentioned at the last meeting, we have broken it down into 2 different sections where Troy and I are working on the sections that are a lot more of what we call admin administrative in nature and we've updated those on a shared document. I've started the update on those based off of the last document I've received from adding on the SPP, because, as we've shared, we want to try to have these rules be as consistent as possible and then the big items that we're going to continue to finish up hopefully within the next few meetings, actual portfolio requirements in the capstone piece. There's a lot of work done over the last month on the curricular and experiential requirements, and I think those last two will be the big ones to tackle.

iii. SPP

Update provided by Addie Smith: We have a new liaison with us from LSAC, Kellie Early. It's nice to have a familiar face with us. Our group met over the holiday week for an additional hour because we just can't get enough. We do plan on wrapping it up today, having a final draft circulated before the next meeting, and having some form of cheat sheet, probably a Powerpoint, that hits the highlights as well as a note page which will describe the major changes. I would suggest that for our next meeting, if you have a limited amount of time to prepare, to read the notes document that will be circulated because it describes sort of the hot ticket items and the discussions that we had at great length coming to our determinations in the subcommittee.

4. New Business

No new business
